

Overview

Create or update product accounts, and get product account data.

Allowed Requests

POST, PUT, GET, DELETE

Post Requests

Required Fields

product_id
active

Optional Fields

account_id
type
sku
preference
unit_cost
uom_id
description
contract_unit_cost
contract_from
contract_to
max_order_quantity
max_order_quantity_days
max_single_order_quantity

Last Updated Date : 04/13/2023

Special Fields

active must be set to Active or InActive.

account_id must be set to a valid id for an existing account.

preference must be set to Primary, Secondary, None, or null.

unit_cost, contract_unit_cost, max_order_quantity,
max_order_quantity_days, and max_single_order_quantity must be
positive numeric values.

uom_id must be set to a valid id for an existing unit of measure.

contract_from and contract_to must be valid dates.

Last Updated Date : 04/13/2023

Minimal Example

```
curl -X POST -H "Cookie: user=USER_TOKEN_FROM_LOGIN" -H "Content-Type: application/json" -d '{
    "product_id" : "41c44524-7d48-11ec-9689-060bfa554a18",
    "active" : "Active"
}' 'https://<company_name_here>.flowtrac.com/api/productaccounts'
```

Complete Example

```
curl -X POST -H "Cookie: user=USER_TOKEN_FROM_LOGIN" -H "Content-Type: application/json" -d '{
    "product_id" : "41c44524-7d48-11ec-9689-060bfa554a18",
    "active" : "Active",
    "account_id" : "6b569d61-7c49-11eb-ae10-060bfa554a18",
    "type" : "Receive",
    "sku" : "Test Sku",
    "preference" : "Primary",
    "unit_cost" : "1",
    "uom_id" : "00000000-0000-0000-0000-000000000000",
    "description" : "Test Description",
    "contract_unit_cost" : "1",
    "contract_from" : "04/13/2023",
    "contract_to" : "04/13/2023",
    "max_order_quantity" : "1",
    "max_order_quantity_days" : "1",
    "max_single_order_quantity" : "1"
}' 'https://<company_name_here>.flowtrac.com/api/productaccounts'
```

PUT Requests

Non-nullable Columns

product_id
active

Nullable Columns

account_id
type
sku
preference
unit_cost

Last Updated Date : 04/13/2023

uom_id
description
contract_unit_cost
contract_from
contract_to
max_order_quantity
max_order_quantity_days
max_single_order_quantity

Example

```
curl -X PUT -H "Cookie: user=USER_TOKEN_FROM_LOGIN" -H "Content-Type: application/json" -d '{
    "id" : "cc6ee230-da38-11ed-a632-0242ac120004",
    "active" : "InActive"
}' 'https://<company_name_here>.flowtrac.com/api/productaccounts'
```

Special Fields

active must be either Active or InActive if set.

account_id must be a valid id for an existing account if set.

preference must be Primary, Secondary, None, or null if set.

unit_cost, contract_unit_cost, max_order_quantity, max_order_quantity_days, and max_single_order_quantity must be positive numeric values if set.

uom_id must be a valid id for an existing unit of measure if set.

contract_from and contract_to must be valid dates if set.

GET Requests

Filterable Column

id
product_id
active
account_id

Last Updated Date : 04/13/2023

```
type
sku
preference
unit_cost
uom_id
description
contract_unit_cost
contract_from
contract_to
max_order_quantity
max_order_quantity_days
max_single_order_quantity,
unit_of_measure,
factor,
