Last Updated Date : 04/14/2023

## Minimal Example

```
curl -X POST -H "Cookie: user=USER_TOKEN_FROM_LOGIN" -H "Content-Type: application/json" -d '{
    "account" : "Test Account",
    "active" : "Active",
    "table_name" : "contacts",
    "table_id" : "fcc4b762-da23-11ef-aba6-0242ac120004",
    "name" : "Test Address"
}' 'https://<company_name_here>.flowtrac.com/api/addresses'
```

## Complete Example

```
curl -X POST -H "Cookie: user=USER_TOKEN_FROM_LOGIN" -H "Content-Type: application/json" -d '{
    "account" : "Test Account",
    "active" : "Active",
    "table_name" : "contacts",
    "table_id" : "fcc4b762-da23-11ef-aba6-0242ac120004",
    "name" : "Test Address",
    "address1" : "123 Sesame Street",
    "address2" : "Suite 200",
    "city" : "Southlake",
    "zipcode" : "76092",
    "latitude" : "32.9415",
    "longitude" : "-97.1506",
    "type" : "Test Type",
    "state" : "TX",
    "company" : "Test Company",
    "residential" : "Yes",
    "country_id" : "0a3c7f86-877c-11eb-ae64-060bfa554a18"
}' 'https://<company_name_here>.flowtrac.com/api/addresses'
```

# PUT Requests

## Non-nullable Columns

active  
table\_name  
table\_id  
name

Last Updated Date : 04/14/2023

## Nullable Columns

address1  
address2  
city  
zipcode  
latitude  
longitude  
type  
state  
company  
residential  
country\_id

## Example

```
curl -X PUT -H "Cookie: user=USER_TOKEN_FROM_LOGIN" -H "Content-Type: application/json" -d '{
    "id" : "cc6ee230-da38-11ed-a632-0242ac120004",
